

## Nashville IMC Club Monthly Meeting

We all tell ourselves that if we had an engine failure in IMC, we'd simply head for the nearest airport. However, what seems nearest isn't always the best choice - or even the airport we're most likely to make. In this month's scenario we examine what to do with an engine failure where strong winds are a factor.

**Directions:** Meeting will be held in the offices of Nashville Flight Training. Please use map link to show location.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
